

C6000

Redefining the Retail ATM

► Genmega understands that maximizing revenue and delivering a reliable, customer-friendly solution is critical to your business.

► The Genmega C6000 ATM includes high-end features including a 15" LCD with function key or 15" touch screen LCD and 2K cassette, 3" printer, eye-catching modern design and host of hardware options driven by a Microsoft Windows CE™ 6.0 operating environment for maximum flexibility. The C6000 series ATM is ADA compliant and Chip Card (EMV) ready, including a PCI/Interac certified encrypting PIN pad (EPP), a voice guidance system, and Gencam system included.
